

Teachers on the Estuary

A program supported by NOAA's Bay-Watershed Education and Training (B-WET) Program

- ◆ **A field and research-based course for returning TOTE teachers**
- ◆ **Hosted at the Wells National Estuarine Research Reserve, Maine**
- ◆ **July 16-19, 2012**

- ◆ **Free 4-day workshop limited to 15 participants**
- ◆ **Lodging (if needed) and some meals will be provided**
- ◆ **Teachers will be awarded a stewardship mini-grant and equipment upon completion**
- ◆ **3 graduate credits or 30 Professional Development Points**
- ◆ **Aligned with 2007 Maine Learning Results**
- ◆ **For middle and high school science teachers**

watersheds and estuaries

- ◆ **TOTE II: Take watershed and estuary education to a higher level**
- ◆ **Develop research questions, gather real data, and conduct investigations in the field**
- ◆ **Work with local scientists and experienced coastal educators**

An application is required and due by March 5, 2012
