- John Leach, Superintendent, South Berwick Water District

12:10 – 1:10 **Lunch**

1:10 – 2:10

Breakout Session 1 – Identification of additional watershed protection activities

Breakout groups will be facilitated to generate ideas on what else should be done to protect water resources in the Salmon Falls Watershed. Facilitated discussion will involve all workshop participants for the sharing of information.

2:10 – 2:25 **Networking Break**

2:25 – 3:40

Breakout Session 2 – Prioritization of watershed protection activities

Breakout groups will help in the prioritization of the additional protection activities identified through Breakout Session 1 – through facilitated discussion and electronic polling.

3:40 – 4:00

Wrap up, overview of future activities, and workshop evaluation

4:00 **Adjournment**

NOTE: Upon completion of the workshop, water system operators will receive 6 Technical Contact Hours (TCHs) and planning professionals will receive 6 American Institute of Certified Planners (AICP) Certification Maintenance (CM) credits.
