### A PLACE TO DISCOVER

#### EXPLORE & INSPIRE — JOIN OUR DOCENT PROGRAM

Guide outdoor **school field trip programs** focused on wildlife, habitats, and science. As a volunteer docent, **you are the spark**, engaging student visitors in creative ways. Bring your curiosity and love of learning. We'll provide full training in a supportive community. Weekday availability is a must.

# School program docent training happens in April and September.

Docents lead groups in May, early June, September, and October.

# Wild Friends in Wild Places

Grades K-2
Group Size up to 15 students
Guiding Time 1½ or 3 hours

**Students** learn about wildlife, adaptations, and habitats. The Center for Wildlife provides a live animal presentation.

**Docents** lead students on a trail walk that emphasizes different habitats and the plants and animals that are found in them.

# **Exploring Estuaries**

**Grades** 3–5 **Group Size** up to 1

**Group Size** up to 15 students **Guiding Time** 3 hours

**Students** learn about estuaries, the salt marsh, and the life that thrives where rivers meet the sea.

**Docents** lead students on a trail walk that stops in specific places for hands-on teaching about water salinity, habitats, watersheds, the beach, and human impacts.

# Microscopic Marvels

**Grades** 6–12

**Group Size** 3 to 5 students **Guiding Time** 1½ or 3 hours

**Students** investigate the relationship between the living and nonliving parts of an estuarine ecosystem.

**Docents** guide students through water quality testing on the salt marsh. They may also assist with plankton lessons in the teaching laboratory.

**Share your love of nature.** Contact Caryn Beiter. 207-646-1555 ext 110 or caryn@wellsnerr.org

#### EXPLORE & INSPIRE — JOIN OUR DOCENT PROGRAM

Guide **summer visitor programs** focused on natural history, cultural history, habitats, and wildlife. As a volunteer docent, you are the spark, engaging visitors of all ages in creative ways. Bring your curiosity and love of learning. We'll provide full training in a supportive community. Weekday availability is preferred.

#### Summer program docent training happens in June.

Docents lead groups from late June to early fall.

### **Secrets of the Salt Marsh**

**Visitors** learn what is special about these productive ecosystems, nestled between seashore and uplands.

**Docents** take groups to our floating dock that overlooks the Little River and salt marsh. This program covers about 1 mile in 1½ hours.

**Visitors** delve into the rich history of this extraordinary site, from farmland to estuary reserve.

**Docents** lead groups around the Laudholm campus, in and out of buildings and barns. This program covers about ½ mile in 1½ hours.

# **Explore the Shore**

**Visitors** explore rocky and sandy shores to learn about beaches as dynamic systems and vital wildlife habitat.

**Docents** guide visitors to a deeper understanding of beaches through observation, exploration, and activities. This program covers about 1 mile in  $1\frac{1}{2}$  – 2 hours.

# **Giving Time**

The Wells Reserve at Laudholm offers a stimulating environment for volunteers to work and grow. We have opportunities to fit almost any talent, interest, or schedule. Learn more at wellsreserve.org/volunteer.

**Share your love of nature.** Contact Caryn Beiter. 207-646-1555 ext 110 or caryn@wellsnerr.org
