To lower the risk of spreading COVID-19, we REQUIRE MASKS IN ALL INDOOR SPACES: the Barn, Auditorium, Restrooms, and under big tents.

Please disperse across all areas and avoid crowding.

As a reminder, this is a smoke- and vape-free facility. Also, pets and assistance animals are not permitted on site.

Welcome to the 34th Laudholm Nature Crafts Festival!

This event began in 1988, organized by a few school teachers who wanted to raise funds for the new estuarine research reserve in Wells. That first crafts festival exceeded all expectations. Since then, year after year, dedicated volunteers have continued to grow the event while maintaining its charm.

We are honoring one of those volunteers, Pat Frost, who passed away in 2020, with a memorial planter to be placed near the front of the barn. Your contributions will be gratefully accepted at the membership table in the auditorium.

We thank all past and present volunteers, exhibitors, donors, sponsors, and attendees for making the Laudholm Nature Crafts Festival a beautiful, welcoming show.
